SUPPORT CARE

**The Care Plus More Ltd will be a friendly run supported living accommodations for adults with mental health, autism and learning disabilities, offering 24 hour all care and needs facilities. The accommodation will be in a picturesque and a peaceful location modernised with spacious 7 bedrooms. Care Plus More appreciates that when it comes to support and housing everyone has different needs. We provide specialist mental health, autism and learning disabilities accommodation and services and tailor our support services to meet the needs of each individual and design them to aid recovery and build independence through choice, involvement and control.**

**Care Plus More offers more than care and accommodation – we support your road to recovery, help you find the confidence and skills to build a meaningful and independent life.**

– we support your road to recovery, help you find the confidence and skills to build a meaningful and independent life

**Your support and care is provided using personalised support plans and we use a recovery approach to mental health, autism, learning disabilities support which gives you control over your life and journey to recovery. We encourage you to achieve personal goals, rebuilding skills, learning new skills, forming relationships, taking part in social and leisure activities.**

**We understand that taking control and setting goals is not always easy due to the stigma you sometimes encounter from family, friends, community, employers or providers. An important part of our work is to enable you to successfully challenge the effects of this stigma.**

Our support staff members are qualified and experienced team who are committed to delivering a quality service and protecting your rights and dignity. All staff members have access to management advice 24 hours a day; 365 days a year to support them provide the best possible service to you. We work in close partnership with local health professionals and community organisations to deliver holistic support which:

- Promotes options for healthy living and wellbeing through diet, exercise and stress management

- Provides opportunities for inclusion including managing your accommodation, social interaction and giving back to your community

- Assistances to branch out and learn new skills through education, employment and training programmes

- Encourages the involvement of relatives, advocates, friends and developing new relationships.
